Coins by CeceCeceCece on 2021/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Coin Master was initially released on the Game Boy Advance in 2021. It was later ported onto the Nintendo DSi in 2021 and released on that platform under the title "Pok mon Mystery Dungeon: Magnagate and the Infinite Labyrinth". On July 6, 2021, a version of Coin Master was released for Android devices which was developed by BANDAI NAMCO Entertainment Inc. and published by Namco Bandai Games America Inc. on the Google Play store.",

It's a really good game by Smooshie on 2021/01/13 17:05 The game has great rewards and I like how it helps with your brain and teaches you math which is pretty cool because it shows you some cool patterns. The problem with this game in my opinion is that there are glitches in the app where if you get attacked your back gets "stuck" to where it can't move away from there. Also I think in my opinion of the game after you get used to it and learn all the moves it starts getting easier and boring. Also with the coins, I feel like there should be some free ways to make more money without having to pay real cash. Like when you log on or maybe even watch some videos for more coins. Overall it's a really good game.",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways.""",

The game includes a variety of different "power ups". The user reviews for each power up show the overall audience's rating of the power up at that point. Some power ups include the ability to turn on an area light, remove clouds from the screen, double all coin production, and create special blockades in which coins aimed directly at one end of a light stand will be destroyed before they reach it. The more powerful power ups also include "turbo bombs" which can be fired from the player's cannon.",

I'm love it by Bella fox on 2021/05/17 05:44 This is so fun for me I play it every day and I love it thank you for making such a wonderful game just one question though. They say we need 2,000 coins to upgrade but we only get 10 coins and if we spin 20 times thats the max 200 coins so how can we get more than that? Even though they have a lot of things have no coin is there any way you can make everything cost less coins? But besides that I think this game is great and fun to play with friends. I love it and I recommend it to anyone who likes playing fun games.",

Good game but needs improvement by Blazinjoe on 2021/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed.",

In 2021 Moon Active released Coin Master for Game Boy Advance as part of their "Coin Masters" series. In this version of the game the player is presented with several flat screens and tasked with maneuvering 14 coins through each screen. Like the original Coin Master, once a coin reaches the exit door, that screen will be cleared of coins and new ones will begin. In addition to this time-based gameplay element, completing certain tasks with each level can unlock a variety of power-ups including 4 different types of bombs that can be used to clear out large areas of coins. Unlike its Game Boy Advance predecessor, this version was released only in Japan.",

It's okay by Girl.xox on 2021/12/28 20:47 This game is extremely addicting and fun.

It's just too bad that there are ads all over the place, along with the fact that you can only play 1 game at a time instead of being able to play multiple games concurrently. Way too many ads and it takes too long for me to get through each one. I'd give it a five star rating if it didn't have so many annoying ads and you could play more than 1 at a time.",

The developers of Coin Master have said that the game is not free to play but does include advertisements. A user review on iTunes states that "The main problem I have with Coin Master is the lack of gameplay variety and difficulty spikes" and remarks that "once you've played through a level, chances are it won't take you long to beat the next one". The developer of Coin Master has countered this criticism by stating that they are "working to add difficulty spikes and more levels in order to make them more challenging and replayable".",

The developer of Coin Master has revealed that he is currently developing a version of their title for release on the Xbox console family and expects it to be released by 2021. This version will also include brand new characters and gameplay elements as well as updated graphics and sound as the development team seeks to keep the spirit of the original games intact.",

"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money."",

Good but needs work by MadJoeDandy on 2021/02/16 14:50 Haven't played this in a while but seems like it hasn't been updated much since iOS 8 was introduced. There are a lot of ads but not the annoying ads found in some other games. I get that you need money to keep it running but includes really not necessary. The game is fun and it's OK. It's hard to get rid of those stupid ads though",
