The game includes a variety of different "power ups". The user reviews for each power up show the overall audience's rating of the power up at that point. Some power ups include the ability to turn on an area light, remove clouds from the screen, double all coin production, and create special blockades in which coins aimed directly at one end of a light stand will be destroyed before they reach it. The more powerful power ups also include "turbo bombs" which can be fired from the player's cannon.",

"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways. I would love to give this game five stars because the graphics are good, and it is entertaining."",

Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2021 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time.",

Raiding by jdjejbndjdjkd on 2021/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didn't make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration.",

by Kilty2021 on 2021/10/02 00:16 This is such a fun game, and I'm so glad I found this one once again. The graphics are very clear and high quality. The game is easy to play, and the instructions are easy to follow. The adds are not bad at all, as they're not too annoying or intrusive. The game itself is very fun and super addicting! If you download this game, make sure that you get it now! You will love it!",

Phenomenal for five years and more by Kiki202120219 on 2021/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

Good game but glitches by lokeylove on 2021/03/12 15:52 I love this game itâ€™s very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever Iâ€™m in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, itâ€™s very annoying.",

Awesome game, but.. by Rachel ðŸ•• on 2021/08/03 17:48 This is a great game!! I've been playing it for months now and I still have no words left! You can also do timed

puzzles which is always super fun. However, I hate that you have to wait a certain amount of time before you can do another level. That's stupid and I really don't understand why anyone would want to do that!",
